

Home Page

<https://openmerch.com.au/Functioning/Bugs/Issues>

This page has following issues

1. when searches suburb name and select category, the input data disappears from input bar. Needs fixing
2. whole city is not searchable like Melbourne, VIC Australia. It should bring all results within Melbourne city but its not.
3. After search, if i click on category it should only filter the result of that category and from that input suburb/area but its displaying results from all listings under that category.
4. On landing it should display results from that local area, if no local results then random results should appear.
5. If there are zero search results then alert or some kind of message should appear.
6. Only verified account' listing and promotion should appear in the results.
7. 'Load more' at bottom should be auto (pagination).

Appearance.

1. Search button inside Input bar must be good looking round, matches with colour theme.
2. Category icons must be small, with less inside padding , font be bit bigger , overall category must be attractive.
3. Top right Menu must look attractive and upon click gives the menu options -> Login, FAQ, Customer Service
4. Search results should have complete photos displayed inside the div. Add small logo of the user next to account name.

Following page

<https://openmerch.com.au/view-listing/eyJpdil6ljFSYzgxaVIEcURJdklJR3RSaERFSnc9PSIsInZhbnVlIjoieOE1YeVB5SGxvK05Uczl4Q1ZzQVJtdz09IiwibWFjIjoieODdkNDc5ODVmM2ZkMzk0Y2ExODE2ZjhhNDk4YjAyZTQ1MGQ1OWY2YzYzM3MmE4MjhiNzEyYzA4YTJjNWE2NWU3ZSIsInRhZyI6IiJ9>

Functioning/bugs

1. Hide the phone number (from every public page).
2. Email is only viewable to verified account.
3. Add ability/function to share on social media (I think Url).

Appearance

1. It should look like the picture 1 given at the bottom.
2. Logo must be small in size and complete, (it is very large in current page top left size)
3. Clicking on photo/media should enlarge/play.

Login Page

Functioning/Bugs/Issues

1. Forget Password not working
2. Sign in/ Signup From using Gmail account/ Facebook account/other account is missing.
3. CAPTCHA functioning is required

Appearance.

Page Needs to look like one given (page 1) at bottom.

Registration

<https://openmerch.com.au/register>

Functioning/Bugs/Issues

1. Upon entering data, customer should not be able edit suburb name and post code (but should display as currently showing).
2. Upload Business Logo input should not be mandatory.
3. Upon clicking submit registration button it should send out email verification to user. And message should be displayed on screen of successful registration and to verify account.
4. Remove any CC email Being Sent to punitkathiriya@gmail.com

Appearance.

1. Page Needs to look like one given (page 1) at bottom.
2. Remove top right option and make like menu on home page.

Profile Page for store User/ business User

<https://openmerch.com.au/my-account>

Functioning/Bugs/Issues

Appearance.

1. Profile Page Needs to look like one given at bottom (picture 2), remove the current appearance.
2. Page should display of its Store User or Business User.
3. Remove top left menu option from all the website pages and keep on right side menu with following options

Account Name

My account,

Create New listing (only incase of store User)

Favourites	(only incase of Business User)
My Merch Listings,	(only incase of store User)

Listing Page for store User/ business User

<https://openmerch.com.au/listing>

Functioning/Issues/bugs

1. Listings are missing Description details, it should be there,
2. Pause button to pause is missing. Upon pause listing must not appear in results but should appear in listing page as paused.
3. Upon click Photo/video/audio should pop up/play,
4. Option to share on social media (listing URL)should be there with each listing.
5. Description section must be limited to 200 Total Characters (with space).
6. All other functions can remain same.

Appearance.

1. Profile Page Needs to look like one given (Picture 2) at bottom, remove the current appearance.
2. Remove top left menu option and keep right side menu with options given above in profile page.
3. New notification/message should have some kind of red alert next to them and opened div attached to notification button up on clicking.
4. Remove CC email punitkathiriya@gmail.com

Messages Page

<https://openmerch.com.au/messages>

Functioning/Issues/bugs

1. Clicking here gives error message, fix the issue (I think its Post Method issue).
2. Must have send button.
3. When sharing Promotion in messages, the files should be able to view (pop up/play) and downloadable.

Appearance.

1. Profile Page Needs to look like one given (Picture 1) at bottom, remove the current appearance.
2. 'Enter the text here
3. Overall it should look better function wise.

Listing Page for Business User

<https://openmerch.com.au/create-promotion>

Functioning/Issues/bugs

1. Add ability to upload audio files.
2. Comments section must be limited to 200 Total Characters (with space).

Admin page

<https://openmerch.com.au/master-admin/login>

Functioning

1. Put the new password: (will provide you).
2. Change the current Admin Url
3. Remove a girl's photo from top left,
4. Change the current favicon to website favicon,
5. Customer care inquiries not viewable, make them viewable.

Appearance.

1. Admin Page Needs to look like one given (Picture 1) at bottom, remove the current appearance.

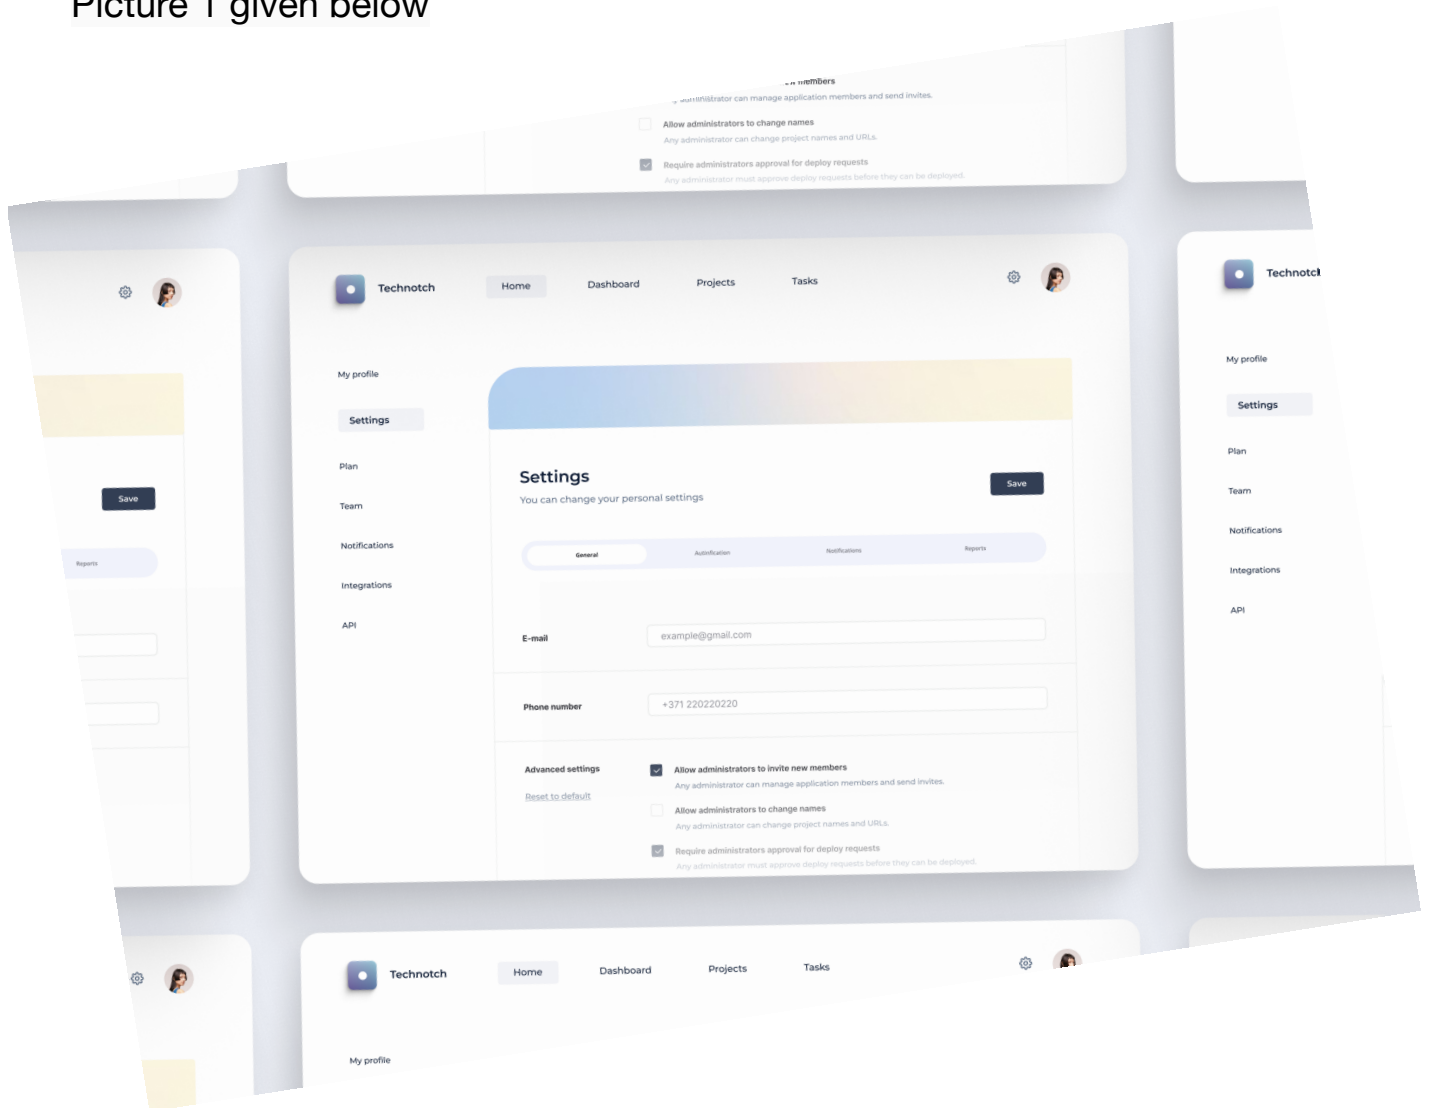

Website

1. It must load faster.
2. Remove any bugs associated with it.
3. Remove ANY CC email being sent to punitkathiriya@gmail.com or any other account except the website name.
4. It should be best for google search rankings.

Responsiveness of website.

Mobile Version is far from finished, needs fixing.
